

**St. Luke's College
Sioux City, Iowa**

Meal Plan Contract

St. Luke's College offers an optional meal plan for students. This plan allows a student to pay a set amount to use for meals, snacks, and even carryout services that are available through St. Luke's Regional Medical Center cafeteria.

Each participant will receive a debit card with an initial balance of \$500 and is available to the student while attending St. Luke's College. The debit card must be presented to the cashier at the time of purchase. The person presenting the debit card **must** be the cardholder. Left over money may be carried over into the next academic year. When the balance is low, students may pay additional amounts in increments of \$100.00 to extend the meal plan.

A refund is available only when a student withdraws from St. Luke's College within the first four weeks of class. The tuition and fees refund schedule will be used to calculate the percentage to be returned. No refund will be issued if the balance on the card is less than \$10.00. Once a student is no longer enrolled at St. Luke's College the debit card will be deactivated and any remaining amounts will be unavailable to that student.

****PLEASE RETURN THIS FORM TO THE COLLEGE ****

Please complete if interested in participating in the meal plan.
