

RN-BSN Online Degree Completion Program

“Education Your Way at St. Luke’s College”

BSN Completion Program

St. Luke’s College offers an RN-BSN program designed to enrich the academic and professional experiences of the registered nurse. The program provides the knowledge and skills necessary to manage and coordinate care for diverse individuals, families and communities. Coursework emphasizes collaborative quality management, health promotion strategies and leadership skills. The RN-BSN completion program provides students with flexible full and part time scheduling with courses delivered **100% online**.

Credit Hours and Requirements

- Registered nurses may transfer previous coursework from associate degree or diploma programs (up to 90 credit hours)
- 120 credit hours are required to complete the BSN degree
- A minimum of 30 credit hours must be completed at St. Luke’s College
- All coursework will be evaluated for transfer credit upon receipt of official college transcripts

Personalized Plan of Study

The RN-BSN program is designed for the working RN. At St. Luke’s College we understand the importance of balancing college coursework with other life responsibilities. Each student is assigned a faculty advisor who will help you create a personalized schedule that works for you, including a self-driven clinical practicum experience.

Financial Aid/Tuition

At St. Luke’s College we are committed to providing the highest quality education at an affordable cost. Our goal is to help students be successful and our financial assistance programs are designed to make education affordable for our students.

Financial aid is available for students taking at least 6 credits. You can apply for financial aid by completing the FAFSA at www.FAFSA.gov and entering St. Luke’s College school code: 007291. If you have questions about financial aid, please call: (712) 279-3149.

** Students are also encouraged to pursue employer-based tuition assistance programs.

Learn More

To learn more about the RN-BSN program or to have your transcripts evaluated, contact the Office of Admissions at St. Luke’s College: (712) 279-3158, or use the transfer guide to help you estimate your transfer credits. Information can also be found at: www.stlukescollege.edu.

Transfer Guide - NCC

Students entering the field of Nursing can transfer to St. Luke's College to complete the Bachelor of Science in Nursing Degree. St. Luke's will accept transfer credits from Norwest Iowa Community College's Associate of Applied Science in Nursing Degree Program (transfer courses must be completed with a grade of at least "C"). Students must obtain licensure as a Registered Nurse within one semester. Credits are calculated as follows:

120	Credit hours required to obtain a BSN from St. Luke's College
- _____	Estimated Nursing Credits transferred from NCC
- _____	Estimated General Education Credits transferred from NCC
= _____	Total Credits remaining
