

**St. Luke's College  
Sioux City, Iowa**

**Meal Plan Contract**

St. Luke's College offers an optional meal plan for students. This plan allows a student to use it for meals, snacks, and even carryout services that are available through Park View Café, Pierce Street Café and the coffee shop at UnityPoint Health-St. Luke's.

Each participant will receive a card with the initial balance of \$500 paid by the student and is available to the student while attending St. Luke's College. The debit card must be presented to the cashier at the time of purchase. The person presenting the debit card **must** be the cardholder. Remaining balances may be carried over into the next academic year. When the balance is low, students may pay additional amounts in increments of \$100.00 to extend the meal plan.

A refund is available only when a student withdraws or graduates from St. Luke's College and returns the card. No refund will be issued if the balance on the card is less than \$10.00. Once a student is no longer enrolled at St. Luke's College the card will be deactivated.

**Please complete and return if interested in participating in the meal plan.**
