## PURPOSE

To provide a self-paced, flexible, and individualized online course to prepare an inactive RN for re-entry into practice.
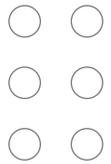

## OBJECTIVES

Upon completion of this program, the participant will be able to:

1. Demonstrate the professional roles, responsibilities, and clinical judgement required in current nursing practice.

2. Describe ethical, legal, and professional issues in health care.

3. Use effective communication and collaboration strategies in nursing care delivery.

4. Enhance and apply previously acquired nursing skills to individualized care of patients.

5. Demonstrate knowledge and nursing responsibilities related to pharmacology and medication administration.

6. Describe the role of information technology in improving client outcomes and supporting safe health care environments.

## FACULTY

Sonya Hiserote, MSN RN
*Assistant Professor*
Teresa Kelley, MSN RN
*Assistant Professor*

## CONTINUING EDUCATION
